PROFESSIONAL SUMMARY

A passionate and dedicated Front-End Developer with experience in building responsive and user-friendly web applications using React, Zustand, Tailwind CSS, and Firebase. Previously worked as a Relationship Manager with strong skills in sales, lead generation, and client relationship management. Seeking to leverage both tech and communication skills in a dynamic organization.

EXPERIENCE

Relationship Manager

Nexa – Hyderabad, India

Aug 2023 – Sep 2024

- Achieved 25% increase in sales in Q3 2023 through customer-centric strategies.
- Consistently exceeded sales targets by 20% over three quarters.
- Managed over 50 leads monthly with a 60% conversion to long-term clients.
- Improved customer satisfaction scores by 15% by acting on client feedback.

PROJECTS

Project: SAKURA – E-commerce Web Application

Tech Stack: React.js, Vite, Tailwind CSS, Zustand, Radix UI, Axios, Firebase, React Router DOM

Description:

Developed a responsive e-commerce frontend application with user authentication using Firebase. The project features a modern UI inspired by platforms like Flipkart, and offers a smooth, interactive user experience.

Key Features:

- Login and Registration system using Firebase Authentication
- Protected routes (product detail pages accessible only after login)
- Zustand for managing global auth and UI state
- Radix UI components: Dialogs, Selects, Sliders, Checkboxes, Radio Groups
- Responsive layout using Tailwind CSS
- Product data fetched using Axios from DummyJSON API
- Clean and modular component structure

Role & Contribution:

- Built complete front-end architecture and UI from scratch
- Integrated Firebase for authentication flow
- Managed routing and state using Zustand and React Router DOM
- Designed intuitive UI/UX with reusable components
